

**Apache logrotate** ..... 3

# Apache logrotate

```
/software/apache/logs/*log {
    daily
    rotate 90
    dateext
    compress
    compressext .gz
    missingok
    notifempty
    sharedscripts
    delaycompress
    postrotate
        /bin/kill -HUP `cat /software/apache/logs/httpd.pid 2> /dev/null` 2>
/dev/null || true
    endscript
}
```
