Config download already in progress

가

```
Removing short term keys locally
Enabling ssh admin - COMPLETE.
Overcloud Endpoint: http://192.168.0.120:5000
Overcloud Horizon Dashboard URL: http://192.168.0.120:80/dashboard
Overcloud rc file: /home/stack/overcloudrc
Overcloud Deployed with error
Config download already in progress with execution id 67921d34-a819-44bf-
b042-5bf4d69856c2 for stack overcloud
(undercloud) [stack@director ~]$
```

가

```
$ openstack workflow execution list

$ openstack workflow execution show 67921d34-a819-44bf-b042-5bf4d69856c2

$ openstack workflow execution delete --force 67921d34-a819-44bf-
b042-5bf4d69856c2
Request to delete execution 67921d34-a819-44bf-b042-5bf4d69856c2 has been
accepted.
(undercloud) [stack@director ~]$ openstack overcloud delete overcloud
Are you sure you want to delete this overcloud [y/N]? y
```
