Multipath All-Except

Multipath All-Except

Multipath   WWID
                                    WWID   .
    LUN   multipath.conf   .

```
blacklist_exceptions {
    # multipath        wwid
    wwid ...
}

blacklist {
   #                    usb
    # multipath    join
    wwid *
}

# multipath
multipaths {
    multipath {
      wwid 360a.........
      alias data001
    }
    multipath {
       wwid 360b.......
       alias data002
    }
}
```

                                    .   quorum

```
defaults {
  user_friendly_names yes
 #              (quorum          cluster      )
  no_path_retry fail
  flush_on_last_del yes
}
```
